

About Signia

Signia is one of the leading hearing aid brands in the world. Our goal is to enhance human performance through iconic innovations that shape the prescription audio category. We refuse to accept hearing loss as a limitation. It's not about correcting a loss, it's about gaining an edge. Not just performing, performing brilliantly. Not just hearing again, but hearing better than ever. Hearing every word, beat, and breath. With Signia, you can Be Brilliant.

The information in this document contains general descriptions of the technical options available, which do not always have to be present in individual cases and are subject to change without prior notice.

Insio Charge&Go CIC IX

Custom comfort, with technology you'll love

With advanced technology to reduce background noise and enhance speech, Insio Charge&Go CIC IX keeps you focused on what matters in your daily life.

The technology inside Insio devices provides five times the speech enhancement for conversations in noise, when compared to key competitors.¹

Custom-made for your ear, practically invisible to others and conveniently rechargeable - this is a tiny-yet-mighty hearing aid for making every moment count.

Five reasons to choose Insio Charge&Go CIC IX

- **Enhanced conversation:** Insio Charge&Go CIC IX is the world's first rechargeable, custom-made hearing aid with a directional microphone - meaning you can hear the person in front of you without distractions.
- **Custom fit:** The Insio hearing aid is tailored precisely to your ear canal for maximum comfort and is Signia's most discreet rechargeable custom device to date.
- **All-day power:** A rechargeable battery battery runtime of up to 35 hours and a pocket-sized charging case ensure you're always powered up, throughout the day.
- **Choice of colours:** With a choice of mocha, black, or dark brown (to suit many skin tones), Insio Charge&Go CIC IX is practically invisible when worn.
- **Personalised control & AI capabilities:** You can easily adjust your listening settings with the user-friendly Signia App, if desired.
