or speak directly with your hearing care professional.

We look forward to you benefiting from brilliant
hearing, with the Pure Charge&Go IX family.

Discover the perfect blend of comfort, stylish design,
and innovative technology with Signia.

Proud to introduce the **NEW** Pure Charge&Go BCT IX

The latest addition to the Pure Charge&Go IX family sets a new standard for Bluetooth® Classic-compatible hearing aids.

Powered by the highly efficient BCT IX chip, it enables Bluetooth® Classic connectivity with an unprecedented 36 hours of runtime, all without compromising on size.

Pure Charge&Go BCT IX delivers the longest battery runtime of any rechargeable 'Bluetooth® Classic' compatible hearing aid, and is also the smallest hearing aid with Bluetooth® Classic connectivity available today.*

Reasons to choose the Pure Charge&Go IX range

- **Complete connectivity:** However you want to connect, there is a Pure Charge&Go IX model for you.
- **Superior speech enhancement:** Signia's RealTime Conversation Enhancement technology makes it easy to follow and contribute to group conversations – no matter how busy, or noisy, the conversation gets.
- **Boosted social interaction:** Your own voice sounds more natural, with Signia's patented Own Voice Processing 2.0.¹
- **24/7 real-time fine-tuning:** Signia Assistant is your handy AI helper, offering intelligent customisations to personalise your listening experience in real time.
- **Reliable all-day power:** Long-lasting rechargeable battery, plus a choice of charger options.
- **Customised hearing experience:** Adjust settings easily, with Signia's intuitive mobile app.

Pure Charge&Go IX range: Flexibility to connect, your way

NEW Pure Charge&Go BCT IX: Universal connectivity with Bluetooth®-enabled devices, including mobile phones, tablets, laptops & TVs, with an integrated telecoil. Also available as a CROS device.

Pure Charge&Go IX: For those who prefer to connect via MFi (Made For iPhone), ASHA, or LE Audio. Also available as a CROS device.

Pure Charge&Go T IX: Offers connectivity via MFi, ASHA, and LE Audio, with an integrated telecoil - providing even longer battery life. Also available as a CROS device.

All Pure Charge&Go IX hearing aids benefit from the groundbreaking features of the IX platform and are proven to deliver more than **TWICE the speech enhancement** in noisy group conversations compared to the closest competitors.²

About Signia

Signia is one of the leading hearing aid brands in the world. Our goal is to enhance human performance through iconic innovations that shape the prescription audio category. We refuse to accept hearing loss as a limitation. It's not about correcting a loss, it's about gaining an edge. Not just performing, performing brilliantly. Not just hearing again, but hearing better than ever. Hearing every word, beat, and breath.

With Signia, you can Be Brilliant.

The information in this document contains general descriptions of the technical options available, which do not always have to be present in individual cases and are subject to change without prior notice.
